Get the floor of your dreams

# Bordeaux Oak Floors

Simply, nothing compares with the lasting impression conveyed by natural wide plank oak flooring. It conveys dignity, quality and quiet style statement. Now that's **Bordeaux**.

**Bordeaux** Multilayer Oak flooring is a range of widths, finishes and a variety of gradings to suit every setting, be it lounge, boardroom, conservatory, ballroom or smaller room applications. At one end of the spectrum, matchless prime boards achieve the desired result for the meticulous perfectionist and at the other end the handscraped variation portrays the rustic look of the last 200 years.

Technically, **Bordeaux** is manufactured consistently to precise tolerances to ensure that your floor can be laid to a perfect result and is totally suitable for the various types of underfloor heating now available.

**Bordeaux** is chosen over & over by flooring contractors who are in the know, so that they achieve customer satisfaction again and again.

The range is available in a number of factory finished options on the one hand and a wide range of variations for finishing on site with oil, lacquer, natural or coloured hard wax oils - the choice is yours.

Substantial stocks are held in the UK and special orders are delivered from mainland Europe in about four weeks.

Make **Bordeaux** your choice. You won't regret it. Get the look you've always wanted and the floor you deserve!

**Bordeaux** is 100% European grown oak and manufactured in Europe to a very high specification. A 6mm top layer lamella is bonded to 100% birch ply and surface machined on both faces to ensure a consistent 20.5mm thickness. The tongue and groove machined into the side and header joints are such that the laid header joints are perfect and very little sanding is required.

**The range is available in any combination of the following factors:**
